PROFESSIONAL SUMMARY

Bilingual full-stack software engineer building and supporting production systems for POS, payments, medical transport, government, and public health. Covers requirements, frontend and backend development, deployment, production troubleshooting, and user education. Brings nine years of earlier customer-facing sales and support experience.

TECHNICAL SKILLS

Core: C#/.NET, React, Angular, TypeScript, Node.js, Ionic, REST APIs, SQL Server, PostgreSQL.
Delivery: Azure Static Web Apps, Azure DevOps, Document Intelligence, Blob Storage, GitHub Actions, GitLab CI/CD, Playwright, Cypress, WebSockets. Python (intermediate).
Languages: Spanish (native), English (professional working proficiency).

SELECTED PROFESSIONAL EXPERIENCE

Mid-Level Software Developer | Business Computer POS (BCPOS)

Sep 2025 - Present

- Build and support web, mobile, kiosk, and backend systems for POS, payments, and medical-transport clients using C#/.NET, React, Angular, Ionic, SQL Server, and PostgreSQL.
- Shipped a bilingual React driver PWA on Azure Static Web Apps with WebSocket dispatch, adaptive polling, offline sync, 200+ automated tests, and a CI/CD pipeline.
- Built a Node.js/TypeScript bridge for Epson, Star, and TSC printers and barcode scanners over USB, serial, and Ethernet. Verified a payments database migration with a 17-table smoke test.

Frontend Engineer (Contract) | Vaco by Highspring, via Tech First

May 2025 - Sep 2025

- Built Angular/TypeScript workflows for a document-driven investigation platform using Azure Document Intelligence and Blob Storage. Created reusable UI components and validated APIs against Docker and Oracle environments.

Software Developer (Direct Contract) | Puerto Rico Department of Health

Jun 2024 - Mar 2025

- Shipped Angular/TypeScript features for the Bioportal public-health platform in the Epidemiology Division: JWT-secured workflows, SQL-backed forms, and GitLab CI/CD with shared-monorepo code review.

Developer I | Truenorth Corporation

Feb 2023 - Mar 2025

- Delivered government-facing C#/.NET and SQL Server applications from requirements through release and maintenance in Azure DevOps. Partnered with product, QA, and business users to reproduce defects and explain technical constraints.

EARLIER CUSTOMER-FACING EXPERIENCE

T-Mobile, Mobile Expert (Jul 2019 - Nov 2021); **AT&T and customer support roles** (2015 - 2019); **earlier sales and customer service** (2012 - 2015). Consultative sales, product demonstrations, technical troubleshooting, and customer education.

EDUCATION

University of Puerto Rico at Bayamón - Computer Science studies | 2012-2016
